

Polylaminate Capsules

G3 polylaminate capsules are custom engineered to provide precise bottle fit, outstanding color matching and optimal bottle application.

We are within easy reach; our quality capsules are produced in two of California's major wine producing areas – the North Coast and the Central Valley. Both manufacturing facilities are ISO 9001 and ISO 14001 certified.

Key Benefits

Two levels of polylaminate capsules are available for specialized application performance:

- Premium polylam for traditional polylam bottle finishes
- Deluxe polylam for more challenging applications

On-site technical assistance is available to ensure capsules are applied to the highest standards

Decorating Options

Custom graphics and colors:

- Gravure printing
- Embossed & painted top
- Preprinted & embossed top

Matte, glossy, or metallic finishes available

Cork & bartop finishes available in a wide range of capsule diameters

CAPSULE MATERIAL	APPLICATION	TOP DIAMETER	CAPSULE LENGTH
